I'll defer to Denise, since I don't know anything about records schedules.

I'm not familiar with those two sites but I had thought the records schedule for Superfund was 30 years.

Denise and Lynne, what are your thoughts on Joyce's question?

Hi Gail,

We have 2 Superfund removals that have been closed for 15 years. Our records schedule states that we can close a site after all costs have been recovered. Is that the case for the following sites? Please advise. Thanks!

Molalla Drum Site File MDSRF  
Dant & Russell Site File DRBRF
